It is customary for the annual report of the Commission to be published earlier. However, this 13th Annual Report has been delayed in order to include the financial statistics of candidates and their riding associations for the 1987 general election campaign period. These financial statements were not due until March 10, 1988 and their review was not completed until early June. As a result of the late publication date, a few other developments of 1988 have been added.

THE YEAR IN REVIEW

If 1986 was the busiest year since the establishment of the Commission -- and it was, with the deregistration and re-registration of all the constituency associations following the redistribution of the electoral boundaries and a significant update of the legislation -- then 1987 was a close second. The reason, of course, was the September 10 general election conducted under the requirements of the new legislation.

During the first months of the year, the Commission made intensive efforts to assist local officials in becoming familiar with the new

Le rapport annuel de la commission est généralement publié plus tôt. La publication du 13e rapport annuel a été retardée pour y inclure les statistiques financières des candidats et de leurs associations de circonscription concernant la période de campagne électorale des élections générales de 1987. La date limite pour déposer ces états financiers était le 10 mars 1988, et leur révision n'a été terminée qu'au début de juin. La publication ayant été retardée, certains événements qui ont eu lieu en 1988 ont été ajoutés au rapport.

REVUE DE L'EXERCICE

Si 1986 a été l'année la plus remplie depuis la création de la commission, et elle l'a été en raison de la radiation et de la réinscription de toutes les associations de circonscription à la suite de la refonte de la carte électorale et à la suite d'une mise à jour assez considérable de la loi, l'année 1987 la suit d'assez près. Cette animation s'explique bien entendu par la tenue d'une élection générale le 10 septembre conformément aux dispositions de la nouvelle loi.

Pendant les premiers mois de

legislation. Some 23 regional seminars were held to which chief financial officers, candidates, presidents -- indeed, anybody who was interested -- were invited. More than 1,000 persons attended. In addition, workshops were held at regional and provincial gatherings of the parties.

Meanwhile, the Commission's operations were being computerized so that the registration of candidates, as well as the review process of their financial returns, could be handled quickly and in a more efficient manner.

CAMPAIGN EXPENDITURES LIMITATION

Apart from limits on contributions and the tax credits, the most immediate concern with the new legislation was its limit on campaign expenditures. The limit is calculated by a formula based on the number of electors within an electoral district. It worked out at about $45,000 for the average-sized electoral district. This compared with expenditures in the 1985 general election ranging as high as $150,000.

Perhaps the most significant feature of the 1987 election experience is that candidates had no serious problem living within

l'exercice, la commission a fait des efforts intenses pour aider les responsables locaux à se familiariser avec la nouvelle loi. La tenue de 23 séminaires régionaux organisés pour les directeurs des finances, les candidats, les présidents ou toute autre personne intéressée a attiré plus de 1000 participants. Depuis, des ateliers ont eu lieu lors de rassemblements des partis aux niveaux régional et provincial.

Par ailleurs, les activités de la commission ont été informatisées pour que l'enregistrement des candidats ainsi que le processus de révision de leurs rapports financiers puissent être effectués rapidement et plus efficacement.

DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

En plus des montants limites de contributions et des crédits d'impôt, le problème le plus pressant que présente la nouvelle loi concerne la limite des dépenses liées à la campagne électorale. La limite est calculée selon le nombre d'électeurs dans un district électoral. Elle correspond à environ 45 000 $ pour un district électoral de taille moyenne. Lors

the new campaign expense limitation. In fact, the average campaign expense for the three major political parties were:

- Liberals $36,350
- Progressive Conservatives $27,529
- New Democrats $18,772

The overall financial statistics for the candidates' campaigns -- Income, Campaign Expenses, Total Period Expenses (including those expenditures exempted from the campaign expenses limitation), and Surplus after the Subsidies were as follows:

des élections générales de 1985, les dépenses de certaines circonscriptions se sont élevées jusqu'à 150 000 $.

Fait à noter en ce qui concerne les élections de 1987, les candidats ont pu respecter la nouvelle limite sans trop de mal. En fait, les moyennes des dépenses liées à la campagne électorale des trois principaux partis politiques étaient les suivantes :

- Libéraux 36 350 $
- Conservateurs 27 529 $
- Néo-démocrates 18 772 $

Voici les statistiques financières d'ensemble pour la campagne électorale des candidats portant sur le revenu, les dépenses liées à la campagne électorale, le total des dépenses de la période (notamment les dépenses exclues de la limite des dépenses liées à la campagne électorale) et l'excédent après subvention :

$ AVERAGES / MOYENNES $				
	Liberals Libéraux	New Democrats Néo-Démocrates	Progressive Conservatives Progressistes Conservateurs	Overall Ensemble
Income/ Revenu	41,787.76	18,386.87	27,642.41	23,471.07
Campaign Expenses/ Dépenses liées à la campagne	36,350.31	18,771.82	27,528.66	20,219.48
Total Period Expenses/ Total des dépenses	40,584.86	21,491.69	27,751.91	24,059.30
Surplus after Subsidy/ Excédent après subvention	10,499.32	4,636.68	6,820.03	5,523.91

(The overall averages resulted in lower amounts because of the inclusion of data from all of Ontario's registered political parties as well as those of the independents which were significantly lower.)

(Les moyennes d'ensemble sont inférieures puisqu'elles tiennent compte des chiffres provenant de tous les partis politiques inscrits en Ontario ainsi que des candidats indépendants, dont les dépenses sont de beaucoup inférieures.)

Clearly, one of the objectives of the legislation -- checking the skyrocketing spending during elections -- was achieved and without any serious negative impact on campaigns. In fact, from the statistics, we see local constituency treasuries emerging from the campaign in a rather healthy state, with surpluses averaging $5,000 after subsidy. This resulted, in part at least, because of limits being imposed on the overall campaign expenditures.

LATE FILING

There is one persistent, discouraging note with regard to election financial returns -- the delinquency in meeting the filing deadline. Some 70 candidates, as well as 105 riding associations, were late. This was in spite of the fact that provincial offices of the parties, as well as the Commission, spent countless hours pleading with local officials to meet the deadline.

At the risk of a weary repeat of the Commission's regular lament on this score, let us review a few salient points. The campaign period ended three months after polling day -- that is December 10, 1987. Anytime thereafter, returns

Manifestement, l'un des objectifs de la loi, soit mettre un frein à la montée en flèche des dépenses électorales, a été atteint sans répercussions sérieuses sur le déroulement des campagnes électorales. En fait, d'après les statistiques, les circonscriptions ont terminé la dernière campagne avec des finances plutôt saines, la moyenne de l'excédent après subvention atteignant 5 000 $. Cela s'explique, du moins en partie, par les montants limites imposés à l'ensemble des dépenses liées à la campagne électorale.

RETARD DANS LES DÉPÔTS

Un point négatif persiste concernant les rapports financiers sur les élections, soit le défaut de respecter les dates limites pour le dépôt des rapports. Environ 70 candidats et 150 associations de circonscription ont eu des retards malgré le temps incalculable que les bureaux provinciaux du parti et la commission ont passé à demander aux responsables locaux de respecter les délais.

Au risque de répéter les plaintes de la commission à ce sujet, examinons certains faits saillants. La période de campagne électorale a pris fin trois mois

could have been completed and--where a candidate received at least 15% of the popular vote--subsidies paid, so that bank loans could be paid off. And yet, three months later, on filing day, 20% of the candidates or riding associations had not filed their returns.

We recognize that the completion of these financial statements is handled by volunteers with a hundred-and-one other responsibilities in life, but the simple truth of the matter is that the longer it is left, the more difficult the process may become. Furthermore, delay results in the return getting to the auditor during the peak income tax period.

The important fact is that the filing of the audited campaign period return is an obligation under the law. The Commission does not make the law, but it has the duty of its administration. Penalties are spelled out in the legislation, such as barring a candidate from running in the next election, deregistration of constituency associations, and in addition, upon conviction, fines of up to $1,000.

This year the Commission took a firmer approach and moved to impose some of these penalties, but still in keeping with its objective

après le jour du scrutin, soit le 10 décembre 1987. Les rapports pouvaient être remis n'importe quand après cette date et, pour les candidats ayant reçu au moins 15 % des suffrages exprimés, les subventions payées, de sorte que les prêts bancaires puissent être remboursés. Malgré cela, trois mois plus tard, à la date limite des dépôts, 20 % des candidats ou des associations de circonscription n'avaient pas déposé leur rapport.

Nous comprenons que ces états financiers sont préparés par des bénévoles qui ont bien d'autres responsabilités. Mais plus l'on tarde à préparer ces rapports, plus la tâche devient difficile. De plus, étant donné les retards, le rapport parvient au vérificateur pendant la période de pointe de l'examen des déclarations d'impôt sur le revenu.

Le dépôt des rapports vérifiés de la période de campagne électorale est une obligation selon la loi. La commission ne rédige pas la loi, mais elle a comme responsabilité de l'administrer. La loi prévoit des sanctions comme l'impossibilité pour un candidat de se présenter à l'élection suivante, la radiation des associations de circonscription et, de plus, après condamnation, des amendes allant jusqu'à 1 000 $.

of working with local party officials, an added period of grace was given. The Commission authorized the sending of registered letters to candidates and associations, indicating that a failure to file the required document by May 6 (two months after the original deadline) would see the invocation of the penalties. At the time of the preparation of this report, four candidates have been informed that they are barred from running in the next election, and three constituency associations have been deregistered. The Commission has yet to decide what, if any, its recommendation to the Attorney General will be on further imposition of the financial penalties.

AMENDMENTS

Illustrating very well the ongoing amending process was the handling in the concluding months of 1987, on an emergency basis, of the repeal of section 45 of the Act. This section required that when a chief financial officer leaves office, for whatever reason, there be an interim audited financial statement filed covering the period up to the date of resignation. Originally enacted

Cette année, la commission s'est montrée plus ferme et a imposé certaines sanctions, mais toujours dans l'optique de travailler avec les responsables locaux des partis, elle a consenti un délai supplémentaire. La commission a autorisé l'envoi de lettres recommandées aux candidats et aux associations indiquant que le défaut de soumettre les documents requis avant le 6 mai (soit deux mois après la date limite initiale) entraînerait l'imposition de sanctions. Pendant la préparation du présent rapport, quatre candidats ont été informés qu'ils ne pouvaient se représenter à la prochaine élection, et trois associations de circonscription ont été radiées. La commission doit encore se prononcer sur la nature de ses recommandations au procureur général concernant l'imposition de pénalités, le cas échéant.

MODIFICATIONS

La façon dont a été traitée en urgence l'abolition de l'article 45 de la loi illustre bien le processus de modification continu de la loi qui est en cours. L'article exigeait que lorsqu'un directeur des finances quittait ses fonctions, pour quelque raison que ce soit, un

for the worthy purpose of assuring orderly transition, experience was that chief financial officers sometimes resigned the day after the announcement of a campaign period or a few days before the end of the year. The filing of those broken periods became highly inconvenient to both local officials and the Commission's staff. It became clear that instead of these financial statements -- which, among other things, represented audit subsidies of some $20,000 per year -- we could collectively depend on the local executive to see that there was an orderly transition from one CFO to another.

The Commission staff met with the party House Leaders on November 28, 1987, in hope that this change might be dealt with through an amending bill before the Christmas recess. It was unanimously agreed that the proposal made administrative common sense. The amending bill was passed by the Legislature and became effective as of January 1, 1988.

Subsection 4(3) of the Election Finances Act requires that the Commission recommend amendments to the statute in light of the experience of the last election. The first instalment of such

état financier vérifié provisoire devait être déposé, couvrant le début de la période jusqu'à la date de la démission. Cette disposition avait d'abord eu pour objectif d'assurer une transition qui se déroulerait dans l'ordre, mais on a pu constater que les directeurs des finances démissionnaient parfois le jour suivant l'annonce d'une période de campagne électorale ou quelques jours avant la fin de l'exercice. Le dépôt de ces rapports portant sur des périodes raccourcies a occasionné de graves inconvénients, tant pour les responsables locaux que pour le personnel de la commission. Il est devenu apparent que le bon déroulement de la transition d'un directeur des finances à l'autre pouvait être assuré par des responsables locaux plutôt que par des états financiers qui, entre autres, impliquaient des subventions pour la vérification d'environ 20 000 $ par année.

Le personnel de la commission a rencontré les leaders parlementaires des différents partis le 28 novembre, espérant obtenir l'adoption d'un projet de loi modificateur avant les vacances parlementaires de Noël. On a unanimement reconnu le bien-fondé de la proposition, et le projet de loi modificateur a été adopté par l'Assemblée législative et est entré

recommendations was forwarded to the Speaker in a report dated February 9, 1988. Most of these recommendations were of a housekeeping or editorial nature while others were more substantive.

One recommended amendment of a housekeeping nature concerned the recommendation process itself. The statute requires the Commission's recommendations to be made 60 days following the end of the campaign period. However, the filing of the campaign financial statements is not until three months after the end of the same campaign period. The Commission believes this deadline to be unrealistic and consequently has suggested that a date of 12 months after polling day be considered. Of a more substantive nature was the Commission's recommendation that, with regard to future elections, there should be a joint candidate and association financial return. This would avoid unnecessary duplication in reporting and further assure that campaign expenditures were kept under closer review, since they must together fall below the campaign limitation.

LEADERSHIP CONVENTIONS

A major addition to the

en vigueur le 1er janvier 1988.

Le paragraphe 4(3) de la Loi sur le financement des élections oblige la commission à formuler des recommandations de modification à la loi à la lumière de l'expérience de la dernière élection. La commission a remis ses premières recommandations au président de l'Assemblée législative dans un rapport en date du 9 février 1988. La plupart de ces recommandations portent sur des questions d'ordre pratique ou de rédaction, tandis que d'autres portent sur des points plus importants.

L'une des modifications d'ordre pratique recommandée concerne le processus de recommandation lui-même. La loi oblige la commission à soumettre ses recommandations dans un délai de 60 jours suivant la fin de la période de campagne électorale. Toutefois, la date limite pour le dépôt des états financiers de la campagne électorale est de trois mois après la fin de la même période. La commission croit que cette date limite n'est pas réaliste et suggère qu'elle soit portée à douze mois après le jour de scrutin.

Parmi ses recommandations les plus importantes, la commission suggère pour les élections à venir le dépôt d'un rapport financier unique pour le candidat et son

Commission's responsibilities by the 1986 legislation was the inclusion of leadership conventions. Contenders are required to register with the Commission before soliciting contributions, and subsequently submit an audited financial statement, though there are no limits on contributions or expenditures, and no tax credits for such contributions.

During the past year an interesting problem emerged with respect to leadership contests. The statute was drafted on the assumption that leaders would be chosen by a vote at a "leadership convention." While that is likely to be the case more often than not, it is possible -- indeed, probable under emergency situations -- that leaders could be chosen by a provincial council or legislative caucus.

To cope with these potential alternatives, the Commission passed a motion at its February 24, 1988 meeting defining "leadership convention" as any procedure that a registered party uses to choose a new leader. A Guideline was prepared to this effect. It has been published in the Ontario Gazette and therefore has the force of law.

On an historical note, every

association. On éviterait ainsi que les données fournies dans les rapports se chevauchent, et l'on assurerait une meilleure révision des dépenses liées à la campagne électorale puisque la limite des dépenses s'applique aux dépenses figurant dans les deux rapports.

CONGRES DE DÉSIGNATION DU CHEF

Avec l'adoption de la loi de 1986, la commission a hérité d'une nouvelle responsabilité importante, soit les congrès de désignation du chef d'un parti. Les candidats doivent s'inscrire auprès de la commission avant de recueillir des contributions et doivent ensuite soumettre un état financier vérifié, bien qu'aucun montant limite ne soit imposé aux contributions ou aux dépenses, et que les contributions ne donnent lieu à aucun crédit d'impôt.

Au cours du dernier exercice, un problème intéressant s'est présenté concernant les congrès de désignation du chef. La loi est rédigée selon l'hypothèse qu'un chef de parti est élu lors d'un congrès. Bien qu'il en soit le plus souvent ainsi, il est possible, et même probable en cas d'urgence qu'un chef soit choisi par un conseil provincial ou un caucus législatif.

biennial convention of the New Democratic Party is a leadership convention in that the leader must stand for re-election, and there is no bar to other nominations. Therefore the NDP convention held in Thunder Bay, June 24 to 26, 1988, became the first leadership convention subject to the new regulations.

MUNICIPAL ELECTIONS

At the time of the preparation of this report, the Legislature was reviewing Bill 106 in committee, an Act to amend the Municipal Elections Act and the Municipal Act. This Act would establish regulations for disclosure and accountability for local elections, somewhat comparable to those now in effect in the federal and provincial systems.

When the Bill was introduced on April 5, 1988, it provided for the right of any municipal council, school board or public utility commission to opt into a tax credit system for contributions, through the passage of a by-law or resolution to that effect. Further, when this option is exercised, the registration of candidates and the review of financial statements become the

Pour tenir compte de cette possibilité, la commission a adopté une motion le 24 février 1988 définissant le terme "congrès de désignation du chef" comme toute procédure qu'utilise un parti inscrit pour choisir un nouveau chef. Une ligne de conduite a été préparée à cet effet. La motion a été publiée dans la Gazette de l'Ontario et a donc force de loi.

Notons que les congrès bisannuels du Nouveau Parti Démocratique constituent des congrès de désignation du chef puisque le chef doit se présenter pour être réélu et que les autres candidatures sont permises. Ainsi, le congrès du NPD de Thunder Bay, du 24 au 26 juin, est le premier congrès de désignation du chef assujetti à la nouvelle réglementation.

ÉLECTIONS MUNICIPALES

Pendant la préparation du présent rapport, un comité de l'Assemblée législative étudiait le projet de loi 106, soit la Loi portant modification de la Loi sur les élections municipales et de la Loi sur les municipalités. La nouvelle loi établirait des règlements sur la divulgation et la responsabilité lors d'élections municipales semblables aux

responsibility of the Commission.

There is some prospect that a few local authorities will have exercised such an option in time for the local elections in the fall of 1988. If such is the case, the Commission will have the opportunity of a "dry-run," thereby gaining experience in "fine-tuning" the system for its wider application to future local elections.

Once the financial returns of local candidates have been reviewed by the Commission, contributions will be acknowledged by the Municipal Clerk, either by way of a credit on property taxes or by way of a grant to non-property owners.

COMMISSION OFFICES

An invitation, particularly for MPPs and local party officials, is once again extended to visit the offices of the Commission at 151 Bloor Street West, Suite 800, Toronto. Renovations over the last year have resulted in better utilization of the floor space in coping with the added work load.

Coincident with the renovations, there also have been personnel changes at both the membership and staff levels. In April 1988 Mr. Richard F. Ruston

règlements fédéraux et provinciaux.

Le projet de loi déposé le 5 avril 1988 autorise les conseils municipaux, les conseils scolaires et les commissions de services publics à adopter un système de crédit d'impôt pour les contributions en votant un règlement ou une résolution à cet effet. De plus, lorsque cette option est choisie, l'inscription des candidats et la révision des états financiers tombent sous la responsabilité de la commission.

On prévoit que quelques administrations municipales auront choisi cette option lors des élections municipales de l'automne 1988. Dans ce cas, la commission aura la possibilité d'avoir une "répétition" lui permettant de mettre le système au point pour son application à plus grande échelle lors d'autres élections municipales.

Lorsque la commission aura révisé les rapports financiers des candidats municipaux, le secrétaire de la municipalité reconnaîtra les contributions en établissant des crédits d'impôt foncier ou en accordant un octroi aux personnes non propriétaires.

BUREAUX DE LA COMMISSION

Les personnes intéressées,

replaced Mr. Donald Paterson as one of the two Liberal Party appointees to the Commission. Further, Ms. Barrie Solandt Maxwell succeeded Mrs. Penny Dickens as the Vice-chair. At the staff level, Mr. Donald Joynt, CA and Mr. Robert B. Dobson, both senior officers since the establishment of the Commission, have retired and Mr. Gordon Kushner, CA has taken over as the Executive Director. Mrs. Anna Ker, QC also with the Commission since its inception, was appointed Secretary and Counsel to the Commission. Moreover, there have been fundamental changes in the operational structure of the Commission. In order to cope with the added work load of the redistribution and the new legislation in 1986, the complement was increased to 15 staff positions, with two divisions--Registration & Communications and Financial Compliance -- each headed by a director. However, with the advent of computerization and the linkage of the staff to a common database, the two divisions and their directors were forsaken in favour of a unified structure headed by the Executive Director. As a result of the new structure, the permanent staff positions were reduced to 11. Temporary staff, when required, are hired to meet

particulièrement les députés et les responsables régionaux des partis, sont invitées une fois encore à visiter les bureaux de la commission au 151, rue Bloor ouest, bureau 800, Toronto. Les rénovations entreprises au cours de l'année dernière permettent une meilleure utilisation de l'espace pour assumer la charge de travail accrue.

En même temps, des changements ont également été apportés au niveau des membres de la commission et de son personnel. En avril 1988, M. Richard F. Ruston a remplacé M. Donald Paterson comme l'un des deux délégués du Parti libéral à la commission. Depuis, M^me^ Barrie Solandt Maxwell a succédé à M^me^ Penny Dickens comme vice-présidente. Quant au personnel, M. Donald Joynt, C.A., et M. Robert B. Dobson, tous deux haut-fonctionnaires depuis la création de la commission, se sont retirés, et M. Gordon Kushner, C.A., occupe maintenant le poste de directeur général. M^me^ Anna Ker, c.r., qui est avec la commission depuis sa création, a été nommée secrétaire générale et conseillère juridique de la commission.

Il y a eu également des changements fondamentaux dans la structure opérationnelle de la commission. Pour venir à bout de la nouvelle charge de travail

the peak personnel requirements. The Commission has also benefited from temporary secondment of personnel from the offices of both the Provincial Auditor and the Chief Election Officer, as well as co-op student placement from universities, and summer student employment.

Most productive of all have been the added analyses of election financing which computerization has provided. Some examples of these analyses are to be found in statistical data reproduced by way of an appendix to this report.

In all, it has been a very interesting, even exciting year.

occasionnée par la nouvelle carte électorale et la nouvelle loi de 1986, l'effectif avait été porté à 15, avec deux divisions, soit la Division des inscriptions et des communications et la Division des finances, ayant chacune un directeur. Toutefois, grâce à l'informatisation et à l'accès du personnel à une base de données commune, on a pu remplacer les deux divisions et leurs directeurs par une structure unifiée dirigée par un directeur général. Cette restructuration a permis de réduire le personnel à 11. Des employés temporaires sont engagés pour les périodes où les besoins en personnel sont à leur maximum. La commission a également bénéficié du soutien temporaire du personnel des bureaux du vérificateur provincial et du directeur général des élections, ainsi que du placement d'étudiants universitaires par Coopérative Jeunesse au travail et des emplois d'été pour étudiants.

Le meilleur avancement pour la productivité résulte de la capacité d'analyses grâce à l'informatisation des bureaux. Les données statistiques reproduites dans l'annexe du présent rapport comportent des exemples de ces analyses.

En bref, l'exercice a été intéressant et stimulant.

The members of the Commission extend their appreciation to the parties, constituency associations, candidates, and other officials who support them, for the conscientious effort to comply with the provisions of the Act. A special thank you is extended to the legislators from all parties for their advice and assistance.

Respectfully submitted this 5th day of August 1988.

En reconnaissance de leurs efforts consciencieux en vue de s'adapter aux provisions de la loi, les membres de la commission tiennent particulièrement à remercier les partis politiques, les associations de circonscription, les candidats et tous les autres administrateurs qui ont prêtés leur appui à la commission. Dirigée aux législateurs représentant les partis politiques siégeant à l'Assemblée, une mention toute spéciale de remerciement pour leur aide et leurs conseils.

Respectueusement soumis ce 5ième jour d'août 1988.

THE ELEVENTH REPORT OF THE COMMISSION ON ELECTION FINANCES CONTAINING RECOMMENDATIONS IN RESPECT OF THE INDEMNITIES AND ALLOWANCES OF MEMBERS OF THE LEGISLATIVE ASSEMBLY

HISTORICAL BACKGROUND

In December, 1978 the **Legislative Assembly Act** was amended to include section 70(a), (now section 72) which provided that:

> **The Commission shall each year review and make such recommendations as it considers proper in respect of the indemnities and allowances of the Members of the Assembly under the Act.**
>
> and
>
> **The Commission shall report its recommendations to the Speaker and the Speaker shall cause the report to be laid before the Assembly if it is in session or, if not, at the next ensuing session.**

This responsibility was extended to the salaries and allowances for Members of the Executive Council on September 4, 1979.

In making its initial report on June 14, 1979, the Commission determined that its recommendations should be based upon the following considerations, namely:

(a) That the allowances and indemnities of the legislature should not be tied to Civil Service salaries;

(b) That non-taxable allowances could be closely scrutinized;

(c) That the allowances and indemnities of our legislature should be examined with a view to being compatible with those of other jurisdictions across Canada;

(d) That reasonable, additional compensation should be allowed for additional responsibilities; and

(e) That, if possible some incentive should be built into the overall system of allowances and indemnities.

This philosophy has continued to govern the Commission's recommendations over the years.

In its **First Report**, the Commission recommended an increase in the

basic indemnity from $20,012 to $22,000 as well as increases to the additional indemnities payable to the Speaker, Deputy Speaker, Deputy Chairman of the Committees of the Whole House, Chairman of Committees of the Assembly, all Whips, including Deputy and Assistant Whips, House Leader of the Official Opposition and of a Recognized Party. The increases recommended to the additional indemnities were designed to reflect the additional responsibility in respect of which such allowance was payable. This report was accepted and enacted in its entirety by the Legislature on June 21, 1979.

The **Second Report**, dated December 12, 1979 contained no further recommendations.

On March 26, 1980 the **Third Report** was submitted. This report recommended an increase in the basic indemnity from $22,000 to $24,500 as well as increases in the additional indemnities payable to the Speaker, Chairman of the Committees of the Assembly, all Whips, including Deputy and Assistant Whips, the House Leader of the Official Opposition, the Leader of a Recognized Party, Parliamentary Assistants, Ministers without Portfolio, Ministers and the Premier. In this report, the Commission attempted to relate the additional indemnities payable to various offices one to the other. The recommendations contained in this report were enacted in their entirety by the Legislators on June 17, 1980. (A dissenting report was also distributed, recommending an increase in the basic indemnity from $22,000 to $35,000).

The Commission's **Fourth Report**, submitted February 3, 1981, contained three recommendations only, namely:

(i) An increase in the basic indemnity from 24,500 to $30,000;

(ii) An increase in the additional indemnity of the Leader of a Recognized Party other than the Government or opposition from $8,000 to $11,000; and

(iii) An increase in per-diem allowances for attending committee meetings from $52 (non-taxable) to $100 (taxable).

The recommendation with respect to the basic indemnity was enacted by the Legislature on July 3, 1981. In that enactment, the additional indemnity of the Leader of a Recognized Party was increased to $11,700. The non-taxable per-diem allowance of $52 for attending committee meetings was increased by $10 to $62. In addition, the Legislature increased the non-taxable allowances payable to Members of the Legislative Assembly from

$8,000 to $10,000.

In its **Fifth Report** dated March 5, 1982 the Commission made two recommendations only, namely:

(i) An increase in the basic indemnity from $30,000 to $32,700; and

(ii) An increase in per-diem allowances for attending Committee meetings from $62 (non-taxable) to $100 (taxable).

The Legislative Assembly Act was amended to increase the basic indemnity from $30,000 to $31,800 and the annual tax-free allowance was increased as well, from $10,000 to $10,600.

The **Sixth Report** and **Seventh Report**, submitted in 1983 and 1984 followed the government's guideline with respect to financial restraint and recommended that all indemnities and allowances be increased by not more than 5%. The Legislature adopted this recommendation in each case.

The **Eighth Report** submitted May 8, 1985 recommended:

(a) That the basic indemnity payable to each Member of the Legislative Assembly be increased from $34,808 to $40,000;

(b) That the additional indemnity payable to the Leader of a Recognized Party be increased from $14,998 to $16,500;

(c) That the per-diem allowances for Committee work be doubled from $63 per day ($73 for Chairman) to $126 per day ($146 for Chairman) and that this allowance be fully taxable;

(d) That 15 years of pensionable service should be sufficient to qualify for full pension benefits; and

(e) That additional indemnities payable to Members of the Legislature in respect of various offices held by Members, including Membership in the Executive Council be increased by 4%.

The Legislature adopted only recommendation (d) as set out above, however, and elected to increase the basic indemnity, the expense allowance and all additional indemnities payable in respect of offices held by Members by 3.9%, in keeping with the Government's policy with respect to financial restraint.

The **Ninth Report** of the Commission, dated March 26, 1986 recommended:

(i) That the basic indemnity be increased to $42,000;

(ii) That all other indemnities, allowances and salaries payable be frozen; and

(iii) That the entire process of the Commission's responsibility with respect to indemnities, allowances and salaries be reviewed.

The Legislative Assembly Act was amended to increase all indemnities, allowances and salaries by 3.9%.

In the **Tenth Report**, submitted June 10, 1987, the Members of the Commission expressed the concern that their recommendations in respect of indemnities and allowances of Members of the Legislative Assembly appeared not to have been considered as a whole by the Legislature over the past six years, but that the Legislature had adopted only portions of the recommendations. The Commission, therefore, recommended:

(i) That section 72 of the Legislative Assembly Act R.S.O. 1980 c. 235, be amended to read as follows:

> **The Commission shall review and make such recommendations as it considers proper in respect of the indemnities and allowances of Members of the Assembly under this Act for the ensuing Legislature.**
>
> and that
>
> **A procedure be established allowing Members of the Assembly to adopt by resolution the recommendations of the Commission as presented.**

(ii) That the basic indemnity payable to each Member of the Legislative Assembly be increased to $42,000, commencing with the next Legislature;

(iii) That all other indemnities, allowances and salaries be frozen.

Once again the Legislature chose not to follow those recommendations and voted instead to increase all indemnities, allowances and salaries by 4.4%.

The Members of the Commission are still concerned that their recommendations in respect of indemnities and allowances of Members of the Legislative Assembly are not considered by the Legislature. Nevertheless, the Commission respectfully recommends:

(i) That section 72 of the Legislative Assembly Act R.S.O. 1980 c. 235, be amended to read as follows:

The Commission shall review and make such recommendations as it considers proper in respect of the indemnities and allowances of Members of the Assembly under this Act for the ensuing Legislature.

and that

A procedure be established allowing Members of the Assembly to adopt by resolution the recommendations of the Commission as presented.

(ii) That the basic indemnity payable to each Member of the Legislative Assembly be increased to $45,000, commencing with the next Legislature;

(iii) That all other indemnities, allowances and salaries be frozen.

Respectfully submitted this 21st day of April 1988.

PROPOSED AMENDMENTS TO THE ELECTION FINANCES ACT, 1986

1. **Section 4(3)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
The Commission shall, **within sixty days following polling day**, make recommendations	The Commission shall, **within twelve months following polling day**, make recommendations	In view of the fact that the Act provides that: (a) the campaign period terminates three months after polling day **and** (b) the campaign return filing deadline date is **six months** after polling day, **the 60 day provision** of Section 4(3) for recommending amendments of contribution limits, expense limits, subsidies, etc. **is unrealistic** because the deadline date for the filing of campaign returns is 30 days (approx.) subsequent to the 60 day deadline for the recommendation of such changes.

2. **Section 26**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
26. Every political party, constituency association, candidate or leadership contestant registered under this Act shall issue or cause to be issued receipts as required by the Commission for every contribution accepted. 1986, c. 33, s. 26.	26(1) Every political party, constituency association, candidate or leadership contestant registered under this Act shall issue or cause to be issued receipts for every contribution accepted. 26(2) The Commission may, at any time, request the return of used and/or unused receipts and the political party, constituency association, candidate or leadership contestant registered under this Act shall, forthwith, after receiving a written request therefore, return the receipts to the Commission. (3) For the purposes of this section, "receipts" means the official receipt stock issued by the Commission to a registered political party, registered constituency association, registered candidate or registered leadership contestant.	This amendment enables the Commission to obtain any used or unused receipts in cases where a candidate is unable or unfit to continue as a candidate.

3. **Section 1(1)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
That **Section 1(1)** of the **Act**	**be amended to include:**	
"campaign expense" means any expense incurred for goods or services in relation to an election by or on behalf of a political party, constituency association or candidate registered under this Act for use in whole or in part during the period commencing with the issue of a writ for an election and terminating on polling day, other than,...	**1(l)** payments made to the candidate in lieu of salary lost during an unpaid leave of absence from employment, **(m)** the rent associated with maintaining a temporary residence in the electoral district when the candidate does not maintain a residence therein, **(n)** other.	Subsections **(l)** and **(m)** reflect policy decisions already made by the Commission. Subsection **(n)** gives the Commission authority to make further decisions of this nature should the Commission deem such changes advisable.

4. **Section 1(1)(f)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
Further, that **section 1(1)(f)** be amended: **(f)** expenses incurred for "victory parties" held and "thank you" advertising published **after polling day**,	**1(1)(f)** expenses incurred for "victory parties" held and "thank you" advertising published **after the closing of polls**.	This change reflects the reality of political life.

5. **Section 27(3)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
(3) An affiliated political organization may make a contribution in any year to the political party or any constituency association with which it is affiliated as if it were a person for the purposes of clause 19(1)(a).	27(3) An affiliated political organization may make a contribution in any year: **(a)** to the political party with which it is affiliated; **(b)** to any constituency association with which it is affiliated; and **(c)** to the candidate of any constituency association with which it is affiliated,	This section permits affiliated political organizations to make contributions to parties or constituency associations but not to candidates directly. This creates a problem in that the party or association must accept the contribution and transfer it to the candidate. An amendment should be made to allow affiliated political organizations to make contributions directly to a candidate properly nominated by the association.

6. **Section 10(3)(f)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
10(3) The Commission shall maintain a register of political parties and subject to this section shall register therein any political party that is qualified to be registered and that files an application for registration with the Commission, setting out,		
(f) the name of the chief financial officer of the political party;	10(3)(f) the name and address of the chief financial officer and of the auditor of the party;	**Housekeeping Amendment.**

7. **Section 11(2)(d)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
11(2) The Commission shall maintain a register of constituency associations and, subject to this section, shall register therein any constituency association of a registered party that files an application for registration with the Commission setting out,...		
(d) the name of the chief financial officer of the constituency association;	11(2)(d) the name and address of the chief financial officer and of the auditor of the constituency association;	Housekeeping Amendment.

8. **Section 41(1)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
41(1) Every candidate and leadership contestant at the time of appointment of his or her chief financial officer, and every registered party and registered constituency association, **(within thirty days after)** becoming registered under this Act, shall appoint an auditor licensed under the Public Accountancy Act or a firm whose partners resident in Ontario are licensed under that Act and shall forthwith advise the Commission of the name and address of such auditor or firm.	41(1) Every candidate and leadership contestant at the time of appointment of his or her chief financial officer, and every registered party and registered constituency association shall appoint an auditor licensed under the Public Accountancy Act or a firm whose partners resident in Ontario are licensed under that Act and shall forthwith advise the Commission of the name and address of such auditor or firm.	For purposes of consistency with political parties and constituency associations both of which must appoint an auditor at the time of registration.

9. Section 23(5)

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
23(5) all political printed advertising, handbills, placards, posters and broadcast or telecast advertisements **shall bear or make** reference to the name of the registered constituency association, registered political party, person, corporation or trade union authorizing the political advertising. 1987, c. 5, s. 5.	23(5) All political printed advertising, handbills, placards, posters and broadcast or telecast advertisements **shall use the words "authorized by"** with reference to the name of the registered constituency association, registered political party, person, corporation or trade union authorizing the political advertising.	**Housekeeping Amendment.**

10. Section 4(1)(c) and (f)

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
4(1) The Commission, in addition to its other powers and duties under this Act, shall,		
(c) **examine** all financial returns filed with the Commission;	(c) **Cause** all financial returns filed with the Commission **to be examined and review the results of such examination**;	This reflects the duties actually carried out by the Commission.
(f) recommend any amendments to this Act that the Commission considers advisable;	(f) recommend **to the Speaker of the Assembly** any amendments to this Act that the Commission considers advisable;	For purposes of consistency with subsection **4(3)** of the **Act**.

11. **Section 10(8)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
(8) Where the Commission determines that the name and abbreviation thereof, if any, of a political party **is** registrable, the name and abbreviation thereof, if any, shall be reserved for the political party for a period of one year following the date that the Commission makes the determination and, during the period, the political party shall be deemed to be a registered political party for the purposes of subsection (5). 1986, c. 33, s. 10.	(8) Where the Commission determines that the name and abbreviation thereof, if any, of a political party **are** registrable, that name and abbreviation thereof, if any, shall be reserved for the political party for a period of one year following the date that the Commission makes the determination and, during the period, the political party shall be deemed to be a registered political party for the purposes of subsection (5). 1986, c. 33, s. 10.	Housekeeping Amendment.

12. **Section 39(1) and (2)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
39(1) The total campaign expenses incurred by a registered party and any person, corporation, trade union, unincorporated association or organization acting on behalf of that party **during any campaign period** shall not exceed the aggregate amount determined by multiplying 40 cents by,	39(1) The total campaign expenses incurred by a registered party and any person, corporation, trade union, unincorporated association or organization acting on behalf of that party shall not exceed the aggregate amount determined by multiplying 40 cents by,	Campaign expenses may be incurred other than during a campaign period.
(a) in relation to a general election, the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in the electoral districts in which there is an official candidate of that party; and	(a) in relation to a general election, the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in the electoral districts in which there is an official candidate of that party; and	
(b) in relation to a by-election in any electoral district, the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in that electoral district.	(b) in relation to a by-election in any electoral district, the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in that electoral district.	

12. **Section 39(1) and (2) (continued)**

PRESENT WORDING	PROPOSED AMENDMENT
(2) The total campaign expenses incurred by a registered candidate, the constituency association endorsing that candidate and any person, corporation, trade union, unincorporated association or organization acting on behalf of that candidate or constituency association **during any campaign period** shall not exceed the amount that is the aggregate of $2 for each of the first 15,000 of the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in the candidate's electoral district and $1 for each of the number of such electors in excess of 15,000 but not exceeding 25,000, and $0.25 for each of the number of such electors in excess of 25,000.	(2) The total campaign expenses incurred by a registered candidate, the constituency association endorsing that candidate and any person, corporation, trade union, unincorporated association or organization acting on behalf of that candidate or constituency association shall not exceed the amount that is the aggregate of $2 for each of the first 15,000 of the number of electors entitled to vote, as certified by the Chief Election Officer under the Election Act, 1984, in the candidate's electoral district and $1 for each of the number of such electors in excess of 15,000 but not exceeding 25,000, and $0.25 for each of the number of such electors in excess of 25,000.

13. **Section 39(3)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
(3) In relation to candidates in the electoral districts of Cochrane North, Rainy River, Kenora, Lake Nipigon, Algoma and Nickel Belt, as set out in the Schedule to the Representation Act, 1986, the amount determined under subsection (2) shall be increased by $5,000.	(3) In relation to candidates in the electoral districts of Cochrane North, Rainy River, Kenora, Lake Nipigon, Algoma, Nickel Belt and **Parry Sound**, as set out in the Schedule to the Representation Act, 1986, the amount determined under subsection (2) shall be increased by $5,000.	The Commission voted to include Parry Sound by virtue of its size and geographical configuration.

14. Section 46(1) and (2)

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
46(1) Every registered candidate in an electoral district who receives at least 15 per cent of the popular vote in such electoral district is entitled to be reimbursed by the Commission for the lesser of campaign expenses for the campaign period as shown on the statement of income and expenses filed with the Commission, in accordance with section 43, together with the auditor's report in accordance with subsection 41(4), or an amount equal to 20 per cent of the maximum expenditure limit in accordance with subsection 39(2).	**46(1)** Every registered candidate in an electoral district who receives at least 15% of the popular vote in such electoral district is entitled to be reimbursed by the Commission for the lesser of: **(a)** campaign expenses for the campaign period as shown on the statement of income and expenses filed with the Commission, in accordance with section 43, together with the auditor's report in accordance with subsection 41(4); or **(b)** an amount equal to 20% of the maximum expenditure limit in accordance with subsection 39(2).	**For Clarification.**

14. Section 46(1) and (2) (continued)

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
46(2) In relation to candidates in the electoral districts of Cochrane North, Rainy River, Kenora, Lake Nipigon, Algoma and Nickel Belt, as set out in Schedule to the Representation Act, 1986, the amount determined under subsection (1) shall be increased by $5,000.	46(2) In relation to candidates in the electoral districts of Cochrane North, Rainy River, Kenora, Lake Nipigon, Algoma, Nickel Belt and **Parry Sound**, as set out in the schedule to the Representation Act, 1986, the amount determined under subsection (1) shall be the lesser of: (i) the campaign expense reported, or (ii) the sum of: (i) an amount equal to 20% of the maximum expenditure limit in accordance with subsection 39(2); and (ii) an additional $5,000.	It would appear on reading section 42(2) that candidates in the 6 northern districts are entitled to a subsidy of the lesser of the expenses incurred **or** 20% of the expenditure limit under section 39(2) and an additional gratuitous $5,000. If this were the case a candidate who spent less than the maximum allowed could receive a subsidy greater than the amount spent by the extra $5,000 amount.

15. **Section 46(7)**

PRESENT WORDING	PROPOSED AMENDMENT	RATIONALE
(7) A political party is not entitled to be reimbursed for expenses under subsection (6) unless its chief financial officer has filed the financial statements required by section 43, together with the auditor's report thereon as required by subsection 41(4), and the Commission is satisfied that such statements meet the requirements of this Act.		
	(7a) The Commission may approve an interim subsidy payment to a political party up to 50% of the estimated total subsidy upon receipt of the financial statements required by section 43, together with the auditor's report thereon as required by subsection 41(4).	This will help defray election costs.

NEW	PROPOSED AMENDMENT	RATIONALE
	That the Act be amended to provide for a single filing of income and expenses of candidates and constituency associations during a campaign year. The major sections of the Act affected by this proposed amendment are: **(To be completed by Legislative Counsel.)**	**(See Below)**

RATIONALE:

The present Act requires a candidate to register with the Commission prior to the campaign organization accepting or spending any money. This registration date varies depending on the date of the nomination meeting, the date of the writ for an election, and the promptness with which the chief financial officer or campaign official can dispatch the registration form to the Commission. The Act specifies that only the candidate's chief financial officer can accept contributions or authorize expenditures. A further requirement compels the nominating constituency association to keep separate records for the campaign period and to report on the activities during the campaign period on a separate return. In an election year, the association files two returns and the candidate must also file a return with the Commission.

Needless to say, the present Act generates confusion on when the candidate's organization can commence operations; who accounts for which transaction; proper recording of transfers of cash and inventory; and who may accept contributions. Considerable extra effort and redundancy is created in preparing three filings. This extra burden falls on the chief financial officers and auditors.

The proposal is to simplify the registration and reporting process by amending various sections of the Act. The separate filing by the constituency association should be combined with the candidate filing thus eliminating one return. The separate reporting period would commence immediately with the issue of the writ. The candidate's registration with the Commission would be for record information but would also be made a condition of the candidate's name appearing on the ballot. Using the present model for parties, the association annual contribution limit of $750 would be increased by a further $750 during the campaign period. The audit subsidy of $800 or the candidate's return would be added to the $400 already allowed for association campaign returns for a total subsidy of $1,200 for the campaign period return. Additional simplification would be achieved having only one series of receipts, all to be issued by the association. This proposal contemplates a single executive body for both the association and the candidate's campaign. However, it should be possible for the candidate to have a separate executive if the candidate felt it was desirable. Where there was a separate campaign chief financial officer, that person would have to work with the ongoing association's chief financial officer to ensure that a proper campaign return was filed. By this joint action, problems of transfers and unresolved deficits could be greatly reduced.

PROVINCIAL AUDITOR'S REPORT.

To the Commission on Election Finances and
to the Speaker of the Assembly.

I have examined the statement of expenditure of the Commission on Election Finances for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this statement presents fairly the expenditure of the Commission for the year ended March 31, 1987 in accordance with accounting policies described in note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENT MARCH 31, 1987

1. CHANGES IN LEGISLATION

On July 10, 1986 the Election Finances Reform Act was revised by the Election Finances Act, 1986. Changes in the new Act set new limits on contributions and new or increased subsidy limits for campaign expenses and audit fees for returns filed with the Commission. Revisions also include limits on campaign spending as well as the requirement to register party leadership candidates and to disclose their campaign financing. Subsidy provisions for campaign expenses of political parties have also been added.

2. ACCOUNTING POLICIES

(a) Basis of accounting

The Commission uses the cash basis of accounting which is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

(b) Furniture and equipment

Expenditures on furniture and equipment are expenses in the year of acquisition.

3. SOURCE OF FUNDS

Expenditures are paid out of the Legislative Assembly Fund of the Office of the Assembly.

4. SUBSIDIES

The Election Finances Act, 1986 requires payment by the Commission of the following subsidies:

- Candidate campaign expenses to every registered candidate who receives at least 15 per cent of the popular vote in an electoral district. The reimbursed amount is the lesser of the candidate's campaign expenses or 20 per cent of the allowable maximum campaign expenditure limit based on the number of voters in the candidate's electoral district. Candidates in designated northern electoral districts may receive an additional $5,000.

- Campaign expenses to every registered party that receives at least 15 per cent of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district in which the party receives at least 15 per cent of the popular vote.

- Audit fees for annual, campaign, and special returns of each registered constituency association to a maximum of $400 per return.

- Audit fees for campaign and special returns of each registered candidate to a maximum of $800 per return.

- Audit fees for campaign and special returns of each leadership contestant to a maximum of $600 per return.

5. ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency party, constituency association, candidate or leadership contestant must be remitted to the Commission. In addition, excess contributions must be remitted to the Commission where the recipient is unable to recover the official receipt and refund the excess to the contributor.

The Election Finances Act provides that the requirement for a political party to file a statement of receipts and expenses in relation to a by-election does not apply if the party did not receive contributions or make expenditures in relation to such by-election.

The Commission received such declarations from the Freedom Party of Ontario, the Ontario Libertarian Party and the Green Party of Ontario, in relation to both by-elections. Further, declarations from the Progressive Conservative Party, the New Democratic Party and the Communist Party were received in relation to the Cochrane North by-election.
